Consistent with this function, the Committee should take a proactive role in counseling and advising management with respect to:

1. The development, implementation and continuous improvement of procedures, programs, policies and practices relating to the Company’s environmental and social responsibilities.

2. Adherence to those procedures, programs, policies and practices at all levels of the Company.

Committee Membership

The Committee shall consist of no fewer than three members of the Board. All members of the Committee shall meet the independence standards of the New York Stock Exchange, and any other applicable laws or regulations. The Board shall appoint the members of the Committee, including the Committee chair. 4. See that appropriate action is taken to assure compliance, and to correct noncompliance, with the Company’s procedures, programs, policies and practices relating to its environmental and social responsibilities.

5. Review and make recommendations with respect to the Company’s political activities, including political contributions, the Company’s positions with respect to pending legislative and other initiatives, and political advocacy activities of the Company.

6. Assist management and the Board in determining appropriate responses to, and in otherwise addressing, proposals submitted by shareholders (pursuant to rules of the Securities and Exchange Commission) for inclusion in the Company’s proxy statements and consideration at its shareholder meetings, to the extent that such proposals relate to the Company’s environmental and social responsibilities.

7. Review legal, regulatory and other matters relating to the Company’s environmental and social responsibilities that may have a significant impact on the Company in any manner and make recommendations with respect thereto. As part of these responsibilities, this Committee shall take steps to ensure that reasonable and adequate systems are in place to ensure the Company’s compliance with governmental regulations relating to environmental, health and safety matters.

8. Review management’s initiatives to promote diversity and inclusion in its talent acquisition, development, and retention programs.
